Profile Summary

I am a full stack software developer with a strong foundation in JavaScript, TypeScript, React, Node.js, MySQL, and API integration. I completed my education at Evangadi Tech Bootcamp. Previously, I worked as an Anesthetist in Addis Ababa, where I developed analytical, problem-solving, and teamwork skills that now enhance my approach to software development.

Tech Stack

JavaScript, TypeScript, React, Node.js, Express.js, MySQL, Git, API Integration, Responsive Design

Projects

■ **Netflix Clone** – React, Node.js, API Integration
